

Fabulous Fungi

All these fungi have been spotted across Birmingham and the Black Country - how many can you find?

Fly Agaric (*Amanita muscaria*)

Shaggy Parasol (*Chlorophyllum rhacodes*)

Golden Spindle (*Clavulinopsis fusiformis*)

Pestle Puffball (*Lycoperdon excipuliforme*)

Collared Earthstar (*Geastrum triplex*)

Brown Birch Bolete (*Leccinum scabrum*)

Shaggy Inkcap (*Coprinus comatus*)

EcoRecord collects, collates and makes available information about the wildlife, wildlife sites and habitats of Birmingham and the Black Country, they work closely with the Trust.

Please send pictures of your fantastic fungi finds so they can be recorded on the database!
